FOIL REQUEST FILED

Website is shut down in an attempt to stifle 1st Amendment Rights Concerning Pet Shooting, Local Constitutional Rights Advocate Attacked, Animal Rights Attorney Attacked and Strange Acting Individual Appears in Olean City Court... Welcome to the Dana Zone.....

In mid June of 2018 a victim of the corrupt Olean Police Department (OPD), specifically one OPD Ryan Aylor was placed on trial for unlicensed operation of a motor vehicle. **Aylor would appear to conspire with the court clerks office and possibly others, such as [ADA Elizabeth Ensell](#) to fabricate documents that would lead to the victim being stopped and arrested for (1) aggravated unlicensed operation, and (2) unlicensed operation, and (3) tinted windows.** The victims lawyer, [Mr. Dan Derosé](#) got two of them dropped right away....

OPD falsely claimed that the victims [license was suspended pending prosecution](#), however the law they used could not be used because it required specific violations to have occurred which did not occur in this matter. When that lie failed they

claimed he voluntary gave up his license, another lie that soon fell apart.

So it goes to trial, the victim shows up and soon after a woman with jet black hair comes in and takes a seat. The criminal Ryan Aylor does not show up. During the trial she gets on the phone talking to someone, like she is giving a play-by-play description on what is going on. The last charge is dismissed.

The victim wins the case. The woman appears upset that the last remaining charge was dismissed. Mind you other hearings were going on, so the court was still proceeding. But as soon as the victim won... she left.... It appears Ms. jet black in the black dress was there specifically for the victims trial.

Fast forward to the [shooting of the pet on June 15, 2018](#), which if OPD had body cams all the speculation would have ended right away...

The victim of the criminal Ryan Aylor is following the pet shooting on Facebook. [WGRZ out of Buffalo picks up the story.](#)

This eventually led to an APB being issued against him and his house surrounded by corrupt Cattaraugus County Deputies and corrupt New York State police to confiscate his guns which as of today has still not been returned to him. There is no state or federal law that would allow them to do this. This was an attack on the second amendment and a test case for confiscating YOUR guns here in Cattaraugus County by the corrupt deep state.

At no time did they call or ask to speak to the victim about surrendering his weapons, a term they use which the same term an invading army uses against a defeated nation/state. The victim has never shown any type of violent behavior. The only time he had confronted police is when he stop Jeff Rowley, the future police chief of Olean New York, from beating a woman, and confronting the drunk and completely corrupt [New York State Police Investigator John Ensell](#) (and his replacement is much worse) at a local establishment when the drunk and belligerent John was belittling an employee at the location slamming his empty mug beer on the bar demanding it be fill immediately. The victim stated he knew who John was and described how John covered-up a tragic accident that had occurred many years earlier, in which a father, mother, young daughter and her soon to be husband were in an accident that killed the mother and the soon to be husband and they falsely blamed it on the daughter, claiming she was the driver when it fact it was her mother and the daughter was in the front passengers seat... The poor father had to send his life savings to prove his daughter was innocent.

Cat County Corruption

~~Cattaraugus County, New York State Corruption & the Powers of the NYS Jury & Grand Jury System~~

Further All point bulletins (APB's) are meant to issue for violent offenders, someone who has just committed a armed robbery or a severe assault., which did not occur in this matter. This victim was never called... notice or anything. This put this man in extreme danger, as well as anyone with him, including his family member, which includes a minor child. This shows you how corrupt this area is. When you are [eight time more likely to be killed by a cop then you are a terrorist](#) in this country the victim and anyone traveling with him could have easily been murdered by a trigger happy cop. When you travel in Cattaraugus County New York you take your life into your own hands.

Back to the main premise of this article: We take notice of the individual who posted the video of the shooting is attacked by a gal with jet black hair. Her name is Dana Roth.

After reviewing the profile she looked eerily similar to the woman described by the victim at the trial the day before, so we posted her profile on facebook profile on [CatCountyCorruption.com facebook page](#).

Roth goes on the warpath against the individual who posted the video calming he is a murderer, which he is not. A lie. Come to find out Roth is related to the individual who posted the video. One thing you don't do is attack family members in public. You keep it in the family, which she did the exact opposite.

The victim and another witness confirmed it. It was the same woman at the trial just one day prior.

Roth posts on the [CatCountyCorruption.com facebook page](#) claiming it is not her. She said go ahead and FOIL the videos, implying they won't show anything. We will let the viewers be the judge of that.

Roth along with her groupies go on the warpath against attack the thread. Her groupies just post spam and don't back anything up and one starts threatening a moderator. One is from California and another is local. The moderator bans the California valley girl and the other threatens the moderator so she is banned too... Others would appear however they would not engage is such psychotic state of mind so they remained.

Roth would also make her appearance as a protester/participant at the Olean Library on June 20, 2018 at which Antifa was present. This gal goes from loving the corrupt government to hating it is one week. Something is not adding up...

What you will see when you post stories about government corruption in this county is trolls come out of the wood work. They almost always turn out to be corrupt government employees with fake accounts, family members or friends, or their business depends on the government regulations or grants to survive.

Another individual comes forward to claim he was a witness, One [Harold Richard](#), who stated he was
