Jamie Ervay threatens CatCountyCorruption.com and its Founder! Weeks ago when we were covering 'ADA' Elizabeth Ensell's hit and cover up Jamie Ervay employed by the Olean Times Herald threaten us. **As usual Ervay resorted to derogatory statements and then actually provided Prima facie evidence of stalking and harassing the founder of the CatCountyCorruption.com website which is criminal conduct.** Thank You Again Jamie for pointing out your complete lack of character, morals and ethics. **The Olean Times Herald is really setting an example of hiring good moral people.**

Most likely all Jamie James had to do is apologize for his derogatory statements and insinuations in which he claimed that that somehow CatCountyCorruption.com libel the Olean Times Herald and most likely the article on his threat would have been removed. But no, not Jamie, he would start harassing and stalking the founder of CatCountyCorruption.com. Way to go Einstein!

Jamie would go on and accused the founder of CatCountyCorruption.com Mr. Kochan of "damaging his name". First of all it was Jamie who started the damaging conduct in the first place when you accused CatCountyCorruption of libel. We have news for you to Jaime. **We have the police reports on the Ensell incident and the photographs and it is not written word for word like you claimed it was and it is very clear the victim was almost in the middle of the lane, OK?** So who is telling the truth again?

Jamie is the one that made a false accusation first. He would go on to state *"because of your sensationalist suppositions and unrelenting desire to find your usefulness on the planet"* as the reason for damaging his name. Please enlighten us on your logic and reason behind that statement. I'm sure we would all love to hear it.

Jamie would also go on and imply *"The headline alone is enough."* Ohhh... I see, have any court cases or laws to back that up? Are you saying you don't work for the Olean Times Herald anymore? Is that why it's not on your facebook profile page?

"I dont need you damaging my name or my employment because of your sensationalist suppositions and

unrelenting desire to find your usefulness on the planet. I need to keep my job, if you know what a job is. I have a family to feed, asshole."

You're the one that abused it first by claiming CatCountyCorruption.com and we responded. You can't handle it, too bad.

Jamie goes on to say that the founder of CatCountyCorruption *"fill(s) an article with supposition"* Do you even know what the word "supposition" means? Let's go over that for a minute Jamie;

Definition of SUPPOSITION: the term that means a guess or a conjecture that a thing is true and factual with no positive proof that it is true.

Now let's take a look at "positive proof" it means *"satisfactory proof"*. We presented the facts as stated by the Olean Times Herald which you claimed copies the police reports verbatim, which we know they do not. **We provided pictures of the center median where it was written in the Olean Times Herald that the pedestrian failed to activate the signal in the center median and made it appear that it was the pedestrians fault for getting hit by [ADA Elizabeth Ensell](#) for not activating it. THERE IS NO BUTTON IN THE MEDIAN, GET IT????**

That is not *"supposition"*. GET IT? The article and other information that is PUBLIC RECORD OK? Also we challenged Jamie on pointing out the inaccuracies of the article which he failed to do.

As for the founder of CatCountyCorruption.com? He owned two businesses in his late 20's, how about you Jamie? He had his own place around that time also, how about you Jamie? He also served and received an honorable discharge. He also works on overseas contracts with vendors and/or buyers with the business he now owns, which requires a good knowledge of US and foreign importing and export laws, rules and regulations, among other things.... How about you Jamie? Then his life was destroyed by a corrupt bunch of public employees and those who have the authority to hold them accountable failed and/or refused to do so, i.e. the local and county courts. So he decided to take it to the court of public opinion and let the people, i.e. the citizen/taxpayers judge who is right and who is wrong. You have a problem with that Jamie? To bad... I suggest you review the [Constitution of New York Article I § 8](#);

*8. Every citizen may freely speak, write and publish his or her sentiments on all subjects, being responsible for the abuse of that right; and no law shall be passed to restrain or abridge the liberty of speech or of the press. In all criminal prosecutions or indictments for libels, the truth may be given in evidence to the jury; and if it shall appear to the jury that the matter charged as libelous is true, **and was published with good motives and for justifiable ends, the party shall be acquitted; and the jury shall have the right to determine the law and the fact.***

We weren't going to publish anymore about the Ensell incident but because you had to bring it up again, well guess what, we will be publishing the police reports soon so all can see who was distorting the facts, OK. You can thank yourself for that.

Jamie would go on to issue a veiled threat like he was homing in on the founder of CatCountyCorruption.com. He would appear to brag about that he identified the owner of the site. WOW! Mr. Kochan knows all about privacy domain set-ups Jamie. If he would have wanted to hide his identity he would have utilized Domain Privacy Protection which was pioneered by GoDaddy. He only has been building websites since the 1990's from the internet's commercial inception. Yep, that was a real stroke of intelligence there Jamie. What, did you think you were going to scare him? [He's been shot at and almost murdered by corrupt cops, do you really think your going to scare him?](#)

"If you think they should do a story on it, why dont you just ask them rather than fill an article with supposition, hide behind a site designed to appear anonymous (dropped the ball there), and attempt to give me a bad name personally for simply having a personal opinion?"

Bad name? Personal opinions are between people. If you wanted to leave your personal opinion you should have contacted CatCountyCorruption.com via FaceBook messenger. If you're going to leave your "opinion" on a public forum, that's not person and it's not an opinion when you threaten a person, GET IT?

"Moral of the story here is the comment i left on the traffic page that you barely referenced in your ridiculous story wasnt from OTH, had nothing to do with OTH, was completely unaffiliated with OTH and was simply my personal opinion. Not a threat. Not a claim. Not a charge. An opinion. Everyone has them. Nobody tells me what to say, by the way."

Not that's not the "Moral of the story" and it's not your personal opinion, if you are going to make statements like that expect a response and if you don't like it, tough.

"What i believe you're doing to ME now is defamation of character by singling me out with those outrageous allegations and attempting to imply im somehow a part of any of that supposed scandalous shit all because i simply work there. The headline alone is enough. Its an unfounded and false claim against me personally."

Ohh... we see, are you claiming you did not work for the Times Herald when you made that comment? Were you lying on your profile? You did not refer to the Olean Times Herald when you made that comment? Is that what you are saying?

However you now confirm that you do work for the Olean Time Herald and you're the one that referenced them in your attack upon CatCountyCorruption.com, therefore Jamie should have made that statement when you first posted your libel attack on CatCountyCorruption.com and now you are harassing and stalking it's founder. I'm sure if you offer a sincere apology for your derogatory statement concerning his website and apologize to him personally for your written statements

attacking him personally he might consider removing the article, otherwise if you keep up with your defamation of character, harassment and threats other remedies can be taken, including but not limited to posting this on other websites, the Olean Safety and Traffic Alliance and such, as well as other legal recourse.

Jamie would go on and state that CatCountyCorruption.com only had three readers, one has to wonder if he was referring to the District Attorney Lori Rieman., Personal Secretary to County Court Judge Ploetz Mary Reynolds and County Court Clerk Secretary Jillian Koch. We have a lot more than "3 readers" and if it was not such a concern why would [Rieman, Koch and Reynold attempt to shut down CatCopuntyCorruption.com?](#)

"Subpoena that, you fuckfaced hack."

Like we said, you offer a sincere apology we may consider removing it. Other than that see you in Subpoena land....
