Dan Thompson attacks CatCountyCorruption.com, claims it is written by a “conspiracy theorist” thereby attacking the author of the article. **City of Olean and Cattaraugus County Public Employees come to his rescue...** Unlike Jamie Ervay who works for the Olean Times Herald, who suggested that CatCountyCorruption.com ‘libeled’ ‘OTH’, which CatCountyCorruption.com challenged Ervay as to where and how CatCountyCorruption did so, Ervay has failed and/or refused to answer proving is comment is bogus. Dan Thompson on the other hand attacks the author of the article by labeling him a “conspiracy theorist”. Who is this Dan Thompson and what can we make of his Ad Hominem attack....

Ad Hominem is defined as “directed against a person rather than the position they are maintaining” and is usually understood as a logical fallacy in which an argument is rebutted by attacking the character. Ad Hominem attacks are employed by individuals who cannot attack the message and therefore they attempt to attack the messenger. They do this by attacking the messenger’s credibility thereby validating the author’s message. Thompson did that right from the start proving the message is accurate.

It is interesting to note that Thompson appears to be from the Portville, New York area, the same location that the Elizabeth, Catherine and John Ensell are from.

**Ad Hominem attacks are also employed by fake liberals who attack the grammatical errors of individuals in an effort to discredit their work.** When you see someone attacking grammar mistakes it is a good indicator that you are dealing with a fake liberal. One has to wonder if Thompson is part of the powers what to be elite crowd or someone called in a favor. **After all, everyone of the individuals who liked his comment are employed by Cattaraugus County or the City of Olean.**

[Syd Snyder Evans](#), who's real name is [Sydney Evans](#) (another public employee who hides her real name online) is employed as a Intensive Case Manager in the Community Services Department for Cattaraugus County, *i.e. the 'mental health' agency of Cattaraugus County (and we use that term loosely)*, was the first one to like Thompson's comment. At least she has a little integrity because it appears she liked the page while she was not on the taxpayers time, unlike [Dani Watkins](#) and [Steve Kolata, other](#) public employees who appear to have liked the comment during their working hours on our tax dollars.

Evans connection is interesting, she works for the same county agency that one victim was force to go see other 'employees' there, two 'doctors' that is. **They claimed that the victim was unable to represent himself or assist is attorney, the only two who did come to that conclusion unlike the real professionals at the [ECMC](#) and the [Elmira Psychiatric Center](#) who saw through the 'bullshit' and released the victim within 24 hours. One Doctor even admonished the judge for sending him there and he has won other cases on his own without an Attorney**, the latest being a DMV refusal hearing appeal which seasoned attorney's have difficulty winning.

Dani Watkins as you may remember is the [secretary](#) of "[District Attorney](#)" [Lori Rieman](#) and who was mocking a fellow citizen who had appeared in court representing himself against the criminal conduct of her boss 'DA' Lori Rieman and 'ADA' Elizabeth Ensell. **Further it appears others are not too happy with Watkins past.** In this facebook post she comments about 'a picture of a portion of a 3204 document' which is part of public records and then she states "my LE peeps will know what that is". **Would that be a [DWI Arrest Instrument \[DCJS 3204\]](#) form also known as a DWI Bill of Particulars Dani?** That's interesting to say the least. How did that case end up, anything like all of Catherine Ensell's? Further we also noticed that you like Kolata's post right above Thompson's, you should really stick to your job duties when you are working on taxpayer time.

[Steve Kolata](#) is employed by the [City of Olean Court System as a Court Officer](#). **This speaks volumes on who is concerned about the Ensell hit and cover-up case.** While we could delve into the nepotism here we will leave it out for the time being, however the fact of the matter is **EVERYONE** who liked the comment of Thompson up to the time of the publishing of this article is a public employee who agencies would have been involved with the Ensell Issue.

**The District Attorney's job would have been to prosecute 'ADA' Ensell (though most likely a special prosecutor) and the other, an employee of the very court Ensell would have been tried in. That alone speaks volumes.** Steve also appeared to post his like on taxpayer time.

You will notice that Thompson cannot point to any issues within the original article or any follow-ups, he can only attempt to attack the messenger and not the message thereby validating the message. Interesting he should use the term "[conspiracy theorist](#)", in which an individual offers an

explanation of an event or situation that invokes a conspiracy without warrant, generally one involving an illegal or harmful act carried out by government or other powerful actors. The establishment calls "Conspiracy theorist" an attempt to produce hypotheses that contradict the prevailing understanding of history or simple facts. **The term is a derogatory one and it was created in 1967 by the CIA to attack anyone who challenges the "Official" narrative, which at the time focused around the Kennedy Assassination.** Specifically, in April 1967, the CIA wrote a dispatch which coined the term "conspiracy theories" ... and recommended methods for discrediting such theories. The dispatch was marked "psych" – short for "psychological operations" or disinformation – and "CS" for the CIA's "Clandestine Services" unit. Titled "[Countering Criticism of the Warren Commission Report](#)," the dispatch played a definitive role in making the "conspiracy theory" term a weapon to be wielded against almost any individual or group calling the government's increasingly clandestine programs and activities into question. [CIA Document 1035-960](#) was released in response to a 1976 FOIA request by the New York Times that disclosed the existence of the program to discredit free thinking individuals. The directive is especially significant because it outlines the CIA's concern regarding "the whole reputation of the American government" vis-à-vis the Warren Commission Report. The agency was especially interested in maintaining its own image and role as it "contributed information to the [Warren] investigation."

Further Dan and Steve, proving a criminal conspiracy is often difficult because there is little physical evidence of agreement between persons. The agreements must be inferred from what little evidence actually exists and trial judges often have more sympathy for the prosecutors as a result. However the timeline and acts of such persons involved with the conspiracy is all that is required and that can be found in New York State Law;

***"It is not necessary to prove a conspiracy before evidence of specific acts of the alleged conspirators can be received. The conspiracy itself can be established by evidence of particular acts, which, taken together, furnish a basis for a finding that a conspiracy exists,*** see [The People of the State of New York, Respondent, v. Maurice E. Connolly and Frederick Seely, Appellants 253 N.Y. 330; 171 N.E. 393; 1930 citing People v. Miles, 123 App. Div. 862, 875; affd., 192 N. Y. 541.](#)"

**In this matter the "official narrative" being the Olean Times story on the Ensell hit a cover-up. We must thank Dan Thompson for putting the [Ensell hit-and-cover-up article](#) on par with the Kennedy Assassination, the new tag: [#ensellgate](#)**

Further Dan, Dani, Steve and Sydney the articles that appear on **CatCountyCorruption.com** contain actual copies of "Public records", found in the 'courts' as well as videos and audios that back the articles claims up, unlike many of the articles appearing in the local news. That is not conspiracy, that is fact and it is not "bullshit"

**ANOTHER FACT; ['DA' Lori Rieman, Mary Reynolds who is the personal secretary to County Court Judge Ronald Ploetz and Jillian Koch all hatch a scheme to violate the very oath they are sworn to uphold, that being the constitution. They attempted to shut down this website in violation of the 1<sup>st</sup> Amendment by faxing in a complaint to the US based hosting service of CatCountyCorruption.com.](#)** They actually had to fax a copy of their New York State drivers license along with it. That is unprecedented for an elected District Attorney to file a complaint attacking the very document that gives her, her 'power'.

**ANOTHER FACT;** why are public employees allowed to even post on here during their work hours? That very act in and of itself proves the creditability of the stories even if there was not prima facie evidence to back it up. .. That's our taxes paying them on our time.

CatCountyCorruption.com actually had to go all the way to Iceland to host in the same country as wikileaks. That was a truly sad day in American and New York when American citizens have to go offshore to exercise their US based constitutional rights. Further proof that the corrupt elements that exist within our government agencies do not like the light of day being focused on their acts of official misconduct.

...and why would anyone want to work for an Main Stream Media Newspaper? Your not allowed to print the truth. If you do you would be looking for another job.

John Swinton (1829–1901) a Scottish-American journalist, summed it up best. His statement, made in the 1880's still rings true concerning print media today, even more so. Remember this statement was made in the 1800's;

*"There is no such a thing in America as an independent press, unless it is out in country towns. You are all slaves. You know it, and I know it. There is not one of you who dares to express an honest opinion. If you expressed it, you would know beforehand that it would never appear in print. I am paid \$150 for keeping honest opinions out of the paper I am connected with. Others of you are paid similar salaries for doing similar things. If I should allow honest opinions to be printed in one issue of my paper, I would be like Othello before twenty-four hours: my occupation would be gone. The man who would be so foolish as to write honest opinions would be out on the street hunting for another job. **The business of a New York journalist is to distort the truth, to lie outright, to pervert, to villify, to fawn at the feet of Mammon, and to sell his country and his race for his daily bread, or for what is about the same — his salary. You know this, and I know it; and what foolery to be toasting an "Independent Press"! We are the tools and vassals of rich men behind the scenes. We are jumping-jacks. They pull the string and we dance. Our time, our talents, our lives, our possibilities, are all the property of other men. We are intellectual prostitutes.**"*

### UPDATE 4/18/17 @ 10:15 AM

Added on 4/18/17 around 10:15PM; **START:** Take for example [Jamie "Jamie James' Ervay](#), a true fake liberal in every sense of the word. He originally attacked this website on April 10 at 9 PM. "[Jamie James'](#) is employed at the Olean Times Herald and originally claimed that somehow the original article on '[ADA' Ensell](#) libeled the 'OTH'. His first response that we were made aware of; "Oh i wrote you, fuckface." a perfect example of a fake liberal in their finest form. He never did respond like he originally claimed. "[Jamie James'](#) being a true fake liberal he is can't argue the facts, he can only resort to the standard pattern and practice of an Ad Hominem attack of name calling because he climbed up into to many trees and fell out too many times on his head. This article originally published on 4/18/17 around 1 PM EST, about six hours later he would post the previous response. [Jamie "Jamie James' Ervay](#) who go on to make an additional comment "I cant help you get views or likes, man. Said no. Sorry." after attacking this website and proving himself a fake liberal. Why would we want any likes from him?

### UPDATE 4/19/17 @ 9:11 PM

**Dan Thompson deletes his comment! Further proof that it was a set up by public employee trolls who could not handled getting called out on their illegal conduct of conducting personal business on taxpayer time.** Thompson posted the original comment found below in the evening of 4/17/17, which stated; "*Consider the source.... bullshit news by conspiracy theorists that couldn't get a real job reporting "news"...no thanks Facebook reporters...*"

The only people who liked his comment were all public employees two of which appeared to have posted when they were at their public taxpayer funded jobs. Now the post has disappeared thereby validates the credibility of this article.
